Description

- Power lifting system designed to eliminate manual lifting and transporting.
- Smooth and quiet, scissor action, electro mechanical actuator.
- Tables can carry up to 450 lbs/204 kg.
- Great for making the work loads lighter by being able to elevate all size bodies to most five tier storage rack heights.
- Designed to extend from a minimum height of 15.25in/38cm and provide access to the top of storage racks at 79in/200cm.
- Allows for safe loading and unloading. Easy to operate and highly maneuverable.
- Manufactured using heavy-duty stainless steel tubular sections.
