Description

Additional Information

|                                                    |                      |
|----------------------------------------------------|----------------------|
| Door type                                          | Solid door           |
| Gross volume (l)                                   | 106                  |
| Net volume (l)                                     | 92                   |
| Set point (°C)                                     | +4                   |
| Alarm limits (can be programmed individually) (°C) | +6 /+2               |
| Climate class @ amb. temp. range (+16°C < +32°C)   | SN/T (+10°C < +43°C) |
| Voltage (V)                                        | 220-240              |
| Frequency (Hz)                                     | 50                   |
| Fuse (A)                                           | 10                   |
| Power (W)                                          | 80                   |
| Energy consumption (Kwh/24h)                       | 0.75                 |
| Refrigerant type                                   | R600a                |

|                                              |                   |
|----------------------------------------------|-------------------|
| Heat emission (Kcal/h)                       | 14                |
| Noise level dB (1m height + 1m distance) (A) | 41                |
| Hold over time (from +4C° to +10C°) (h)      | 2.10              |
| GMP class                                    | ISO5/EC GMP A     |
| Climate class                                | T (+16°C – +43°C) |
