Description

- All type 304 stainless steel construction with a polished No. 4 finish.
- Heliarc-welded seams and joints, ground and polished to match adjoining surfaces.
- Height adjustment via electro hydraulic mechanism.
- Radii on all inside and outside corners for easy cleaning.
- Top rotates manually 180° in either direction and features a convenient swivel lock handle.
- Plumbing and electrical lines factory installed and require only single point connection at the project location.
- Backflow protection for all plumbing fixtures to prevent backflow of contaminated water.
