### Description

The company Trade Fixtures was founded in 1982, in a town called Little Rock, Arkansas. In 1999 it was taken over by the company Display Technologies, the world's leading corporation in areas of point-of-sale (POP), shelf organisation and promotional material. In July 2002 Trade Fixtures merged with another leading company in the area of bulk goods, called Newleaf Designs, with the headquarters outside the town of Chanhassen, Minnesota.

The company Trade Fixtures is able to meet your every need related to the marketing of bulk goods. You can choose from a comprehensive offer of durable and unbreakable bulk goods with the NSF certificate, which has been proven and tested in practice. The goal of the company is to offer their clients the most innovative and functional products. The company has a research and development team, design department and a store with comprehensive service to meet your every need, keeping you always one step ahead of the competition.

With more than **one million** units currently at the market you may rest assured that you are deciding for the most reliable, durable and absolutely wonderful products.

In the past few years we have been selling units to the largest food retail stores in the region.
